Dear Mayor Jon-Jon:

Greetings of Peace!

Luis Y. Ferrer, Jr. North National High School is in one with your office to press on with the goal to serve the *Kabataang Gentriseño* by providing quality, equitable, and accessible education with their health and safety on top of our concerns. Thus, the school continuously finds all possible means to enhance its facilities to ensure a safe, secured, and conducive environment for the learners.

Despite our aspirations to provide what's best for our learners, there are some impediments such as power interruptions due to poor condition of the school's power source which is the Wellington Phase 6 transformer. These interruptions resulted to the suspension of in-person classes, the fact that the teachers could not be able to deliver their lessons better without power to run televisions, the same thing with the learners, who will find the environment inconvenient and unconducive due to no power (to operate the fans).

With the aim for these untoward scenarios to not happen again in the future, we humbly request support from your good office in the acquisition of a **separate Meralco transformer** that will provide sufficient power supply for the school community.

Thank you so much for your unwavering support and generosity. May the Lord God Almighty continue to bless you and the entire city.

Very truly yours,

*[Signature]*  
**NANETH P. SALVADOR, EdD**  
 Principal I / 09175080503
